DERMA CLINIC

Offering a comprehensive range of skin care treatments, including :

DR. TAREK AL AWAK

Dermatologist & Cosmetic Specialist

With over 16 years of experience, Dr. Tarek offers expert care in dermatology and cosmetic treatments, focusing on advanced skin solutions and aesthetic enhancements.

Skin Rejuvenation :
Treatments to revitalize and refresh your skin, including hydrafacials and skin boosters.

Dermal Fillers : Enhancing facial volume and smoothing out lines with high-quality fillers.

Botox :
Reducing wrinkles and achieving a smooth, youthful appearance.

Skin Boosters :
Improving skin hydration and elasticity for a healthy glow.

Acne Treatment :
Solutions to clear and manage acne effectively.

Anti-Aging Solutions :
Advanced treatments to reduce wrinkles and rejuvenate the skin.

Carbon Laser : Innovative treatment for skin resurfacing and addressing pigmentation.

Laser Hair Removal : Precision laser treatment for permanent hair reduction.

CLARITYII
with IntelliTrak technology

Clarity II Machine :

- Latest Technology: A new generation laser equipped with Artificial Intelligence for smarter treatments.
- Super Fast Sessions: One of the fastest hair removal systems (full body in less than an hour).
- AI Precision: Automatically adjusts settings according to skin type and hair thickness.
- Painless & Comfortable: Advanced cooling system ensures maximum comfort during treatment.
- Safe for All Skin Types: Effective on fine, light, and dark hair.
- Multi-Purpose: Can also treat vascular lesions, pigmentation, and skin rejuvenation.

Permanent Hair Reduction

Skin Revitalization

Vascular Lesions

Candela Laser Machine :

- Advanced Technology: Candela is a leading medical aesthetic laser known for its precision and safety.
- Uses: Mainly for permanent hair reduction, skin rejuvenation, vascular and pigmented lesions, and more.
- Gentle Hair Removal: Targets the hair follicle without damaging the surrounding skin.
- Suitable for All Skin Types: Equipped with a cooling system for maximum comfort.
- Fast & Effective: Large spot size and high speed make treatments quicker and more efficient.

Elite Cynosure Laser Machine :

- Dual-Wavelength Technology: Alexandrite (755nm) & Nd:YAG (1064nm) for precise results.
- Highly Effective: Treats hair removal, pigmentation, wrinkles, and superficial veins.
- Customizable Settings: Adapted for all skin tones and hair types.
- Comfort & Safety: Advanced cooling system minimizes discomfort.
- Worldwide Standard: Trusted in top aesthetic centers globally.

Duetto Laser Machine :

- Dual Wavelength: Combines Alexandrite (755nm) & Nd:YAG (1064nm) for maximum effectiveness.
- Versatile: Suitable for light and dark skin types.
- Permanent Hair Reduction: Long-lasting results with minimal discomfort.
- Fast Treatments: Large spot sizes reduce session time.
- Safe & Comfortable: Integrated cooling system ensures patient comfort.

Morpheus8 Machine :

- Advanced Technology: A minimally invasive treatment that combines microneedling with radiofrequency (RF).
- Deep Skin Remodeling: Penetrates deep into the skin and fat to remodel and contour the face and body.
- Stimulates Collagen: Boosts natural collagen and elastin production for long-lasting results.
- Anti-Aging Solution: Reduces wrinkles, fine lines, acne scars, and improves skin texture.
- Versatile Use: Suitable for face, neck, and body areas.
- Safe & Effective: Provides natural results with minimal downtime.
- Popular Treatment: Trusted by dermatologists and celebrities worldwide.

Fractional laser (co2) Machine :

- Advanced Technology: Uses CO2 fractional laser to deliver precise micro-beams that penetrate deep into the skin.
- Skin Resurfacing: Stimulates collagen production, improving skin texture, tone, and elasticity.
- Multiple Uses: Treats acne scars, fine lines, wrinkles, pigmentation, and stretch marks.
- Safe & Effective: Provides visible results with controlled downtime.
- Customizable Treatments: Adjustable settings for different skin concerns and patient needs.
- Rejuvenation Effect: Leaves the skin smoother, firmer, and more youthful.

Pastelle Machine :

- Carbon Laser: Deep skin cleansing, reduces fine lines, acne scars, and pigmentation.
- Hair Bleaching: Safe and effective treatment for unwanted hair lightening.
- Tattoo Removal: Precise and painless removal for all tattoo colors and types.
- Non-invasive, safe for all skin types.
- Quick sessions with visible results from the first treatment

Hydra beauty (hydrafacial) Machine :

- 25 Specialized Handpieces: Each designed for targeted treatments on different areas of the face, neck, hands, and body.
- Core Functions:
- Deep cleansing and exfoliation to remove dead skin cells.
- Extraction of blackheads and impurities without pain.
- Hydration and infusion of serums with vitamins, antioxidants, and hyaluronic acid.
- Skin brightening, firming, and rejuvenation.
- Reduces fine lines, wrinkles, and early signs of aging.
- Calms and soothes sensitive or irritated skin.
- Improves skin elasticity and texture.
- Safe and effective for all skin types, including sensitive skin.
- Treatment Areas: Face, neck, hands, and other body areas.
- Benefits: Non-invasive, painless, and long-lasting effects.

DENTAL CLINIC

Providing a range of dental services, including:

DR. YAMEN AL SHURBAJI

Oral Surgeon & Dental Implantologist

Dr. Yamen Sharbaji is a distinguished oral surgeon with a Ph.D. in dental implants from Damascus University. With over 15 years in cosmetic dentistry and oral surgery, he provides top-tier care and advanced implant solutions.

Preventive Care
Regular check-ups and cleanings to maintain oral health.

Cosmetic Dentistry
Enhancing smiles with whitening, veneers, and bonding.

Restorative Treatments
Solutions for repairing and restoring teeth, including crowns and fillings.

Dental Implants
Permanent tooth replacements for natural function and appearance.

Oral Surgery
Expert care for extractions and complex surgical procedures

NEW PLAN

1- Adding more specialists and doctors

2- Adding medical devices such as

PICOSURE® *pro* by CYNOSURE®

1-The only 755 nm with 3x Melanin affinity.

2-Pico-fractional handpiece for scars treatment with no downtime

3-Optional 532nm and 1064nm wavelengths for tattoo removal capabilities.

4-The first picosecond device FDA-cleared to treat Melasma pigment, Nevus of Ota, and Hori's Nevus.

5-It has four fixed handpieces with adjustable fluence with a new 5 mm handpiece

Scars and Ance Scars | Pigmented Lesions | Tattoo Removal | Melasma Treatment

laseMD ULTRA™

1-Fractional laser for all skin types with no to low downtime

2-Smart IntelliTrak™ 200 µm beam diameter, Ultra's magnetic roller tracking system can complete a full face in only 6-8 minutes.

3-Controlled Chaos Technology (CCT) to ensure intelligent and rapid placement of micro beams.

4-LaseMD Ultra provides treatment add-ons (vitamin A, vitamin C, tranexamic acid, and resveratrol) designed to enhance skin revitalization.

Age and sun Spots | Freckles | Pigmented Lesions | Actinic Keratosis | Skin Rejuvenation

DERMA V™

1-3 X more power compared to other solid-state lasers.

2-532 nm exhibits higher hemoglobin absorption compared to 595 nm, while also providing excellent protection through cryogen cooling.

3-Unique Variable Sequence Pulse Modes (VSP) for new clinical capabilities and increased tissue effect.

4-Intellitrack Technology ensures optimal treatment coverage.

5-Integrated Temperature Sensing for clinical confidence with IntelliTone.

Vascular Lesions | Postwine stains | Rosecea | Pigmented Lesions | Skin Rejuvenation

VISIA®

RBX® Technology separates the unique color signatures of Red and Brown skin components for visualization of conditions such as spider veins, hyperpigmentation, rosacea, and acne.

Eyelash analysis evaluates and measures the results of lash improvement treatments.

Visualize the skin's surface in three dimensions from any angle with **3D viewer.**

Compare results for any combination of views, features or time points.

PHARMACY

harmacy services play a crucial role in ensuring the safe and effective use of medications for patients.

INSURANCE SERVICES

Our Medical Insurance Services simplify access to care by assisting with claims, coordinating with providers, and ensuring patients receive their entitled benefits.
